

MAKE FRIENDS OF CUBAN LEADERS

GARCIA WILL POLICE THE SANTIAGO DISTRICT.

This Makes Him Content With American Domination—Spanish Spies Surround American Commissioners At Paris—Evacuation of Manzanillo Occurs Next Week.

Washington, Sept. 29.—[Special].—It looks as if Spain can do nothing in an open, manly way. Spies are now dogging the footsteps of the American commissioners to the Paris conference with the purpose of ascertaining their personal leanings regarding the settlement of the war issues. This is wholly unnecessary, as the commissioners have nothing to conceal. They will be guided in their course by the instructions of their government, which have been fully exploited. The fact, however, that they are being haunted by spies, and that their every word and act is reported to the Spanish government, is not at all pleasing to the commissioners, and has caused much irritation. This espionage will result in making the Americans more strenuous than ever in insisting upon the utmost exactions from Spain.

The American and Spanish commissioners met today, and were introduced to one another. The American commissioners held a conference this forenoon.

LIKE TO EXERCISE AUTHORITY.

How the Loyalty of Cubans is Being Sought By Americans.

Washington, Sept. 29.—[Special].—The appointment of Gen. Garcia to the police supervision of the Santiago district under the direction of the American commander will have a mollifying effect upon that officer. Garcia, along with other Cuban leaders, loves a little brief authority, and does not care particularly under what flag he serves as long as his love of power is gratified. The policy of giving minor offices to Cubans is believed to be a good one, as it secures their favor and co-operation, and will be followed generally by the Americans placed in control of the island departments.

AGUINALDO'S GOVERNMENT.

It Will Be Set in Motion Today in Manila in Great Splendor.

Manila, Sept. 29.—[Special].—Aguinaldo will formally inaugurate the republic of the Philippines today by a great celebration. Invitations have been extended to the principal officers and leading Americans here. Thousands of natives will attend. Aguinaldo will probably review his army and issue proclamations to the world, setting forth the intentions of his government.

Washington, Sept. 29.—[Special].—Officials here do not anticipate trouble as a result of the inauguration of the Philippine republic by Aguinaldo today, but extra precautions will be taken by General Otis.

THE PHILIPPINE POLICY.

Republic's Representatives Will Not Be Recognized By President

Washington, Sept. 29.—[Special].—The refusal of the president to recognize Aguinaldo, the delegate of the so-called Philippine republic, in an official capacity is in line with his policy regarding those islands. He will do nothing by means of which the position of this government can be misconceived. As no republic exists in the islands he will not recognize those who assume to represent it. The authority of the United States must be recognized as supreme, and no representative of Aguinaldo need hope for a cordial reception here.

EVACUATION OF CUBA.

It Must Be Completed By the End of November at Latest.

Havana, Sept. 29.—[Special].—The American commission is assured of a more energetic attitude on the part of the Spaniards. The First, Third, Fourth and Fifth corps of regulars have been ordered disbanded, and will probably embark early in October. The Americans insist that the evacuation must be complete before the end of November.

TROOPS TO SEE THEM SAIL.

Gen. Lawton's Soldiers Will Witness Evacuation of Manzanillo.

Washington, Sept. 29.—[Special].—The occupation of Cuba outside the section in Santiago province surrendered to Shafter will be initiated at Manzanillo. General Lawton has been instructed to have three companies of infantry there on October 7 when the Spanish sailors sail for home.

CERVERA WILL TELL.

Promises To Reveal Causes That Led to Destruction of His Fleet.

Madrid, Sept. 29.—[Special].—Admiral Cervera has accepted an invitation of a constituency to represent it in the cortes, and promises to reveal the whole truth about the mismanagement of naval affairs which resulted in the disaster at Santiago.

SHAFTER STILL SICK.

The General Expects To Be Around in a Few Days.

Camp Wikoff, Sept. 29.—[Special].—General Shafter is still confined to his bed. He expects to be out again in a few days. He has a slight attack of malarial fever.

LARGE TOBACCO SHIPMENT

Sent East Over the Milwaukee Road By Janesville Dealers.

One entire freight train loaded with 827 cases of Wisconsin leaf tobacco left the city last evening for New York City via the Chicago, Milwaukee & St. Paul railroad. The shipment comprised the recent sale made by M. H. Soverhill, of this city, to New York buyers, and was the largest single one that has been made from this city in many years. From New York the goods will be sent across the water. Conductor Phelps of this city, was in charge of the train to Chicago.

LABOR RIOTS AT PANAMA

Illinois Mining Town is in a State Of the Most Intense Excitement.

Panama, Ill., Sept. 29.—[Special].—The most intense excitement prevails this morning as the result of last night's riot. The streets are filled with armed men. Exactly how many negroes were wounded cannot be ascertained. It is known that H. F. Bishop is the only white man wounded. The governor will be asked to send troops. The

STATE UNIVERSITY OPENS ITS DOORS

SCHOOL YEAR AT MADISON BEGAN YESTERDAY.

New Wing Will Not Be Ready For Occupancy Till January 1.—Spanish Language Will Be Taught.—Engineering Course Popular as a Result of the War.

Madison, Wis., Sept. 29.—Yesterday was one of the busiest in the history of the university. Between 250 and 300 freshmen have registered up to date, and more are expected before the end of the week. Classes began today. The schedule of classes was entirely rearranged from that given in the catalogue. This change was made necessary on account of the delay in the construction of the south wing of Varsity hall. This wing should have been completed Oct. 1, but owing to the delay in the iron work, will not be done before January. Two large girders weighing fourteen tons each, which support the floor of the lecture room, were too short and new girders and beams had to be made. As the

PROHIBITION IS THE ISSUE TODAY

CANADA IS IN THE THROES OF A REVOLUTION.

National Inhibition of the Liquor Traffic is Before The People for Decision.—The Chances in Favor of the Proposition—Government Officials Favor the Plan.

Toronto, Sept. 29.—[Special].—There is much excitement throughout the dominion today regarding the plebiscite being taken on the question of the prohibition of the liquor traffic. By this plebiscite the people are asked if they want the legislature to prepare an act on the subject of suppressing the manufacture, importation and sale of intoxicating liquors as a beverage. If they vote "yes" the legislature will enact such a statute. If they vote "no" there will be no legislation on the subject. The liquor interest is making its strongest effort in the large cities. In Montreal and Quebec they are thought to have the upper hand. In Toronto and London the chances are about even.

GONE TO ELKHORN FAIR

Many Janesville Residents Visited the Show Today

Janesville was represented at the Walworth county fair today by a delegation that numbered fully two hundred. During the early hours of the morning many left the city overland and not a few of these rigs belonged to farmers residing near the city. On the 7 o'clock train this morning on the St. Paul road one hundred and forty one tickets were sold to local residents bound for Elkhorn. Several from here have stands as well as exhibits there this year.

GAS DID WORK WELL

Milwaukee Girl Learned How She Might Effectually End Her Troubles.

Milwaukee, Sept. 29.—[Special].—Katie Smith was warned last night by F. L. Cook, of 49 Walker street, to be careful in the way she turned out the gas in her room, as to leave it flowing would prove deadly. This morning the girl was found dead in her room with the gas burner turned on to the full. She had taken her life. There is no doubt of this for she left a note containing directions as to the disposition to be made of the body.

AFTER THE ROBBERS

Brave Resistance of Trainmen Alone Prevented the Bandits' Securing Much Plunder.

Colorado Springs, Colo., Sept. 29.—[Special].—Last night's daring attempt to hold up the California express is still the talk of the town. Posses are out in all directions. The miscarriage of the bandits' plan was solely due to the brave fight put up by the trainmen. The desperadoes failed to secure any booty.

HILL IS KNOCKED OUT

Democrats of New York Have Nominated Van Wyck and Danforth.

Syracuse, N. Y., Sept. 29.—[Special].—The democratic state convention reassembled at noon. Mr. Hill appears to be beaten, and Augustus Van Wyck and Danforth will undoubtedly head the ticket. The platform denounces the republican administration for the alleged abuses in the army.

Later—Van Wyck was nominated for governor on the first ballot.

POLICE NOT CERTAIN

London Fly Bobs Don't Know Much About Mrs. Nancy Guilford.

London, Sept. 29.—[Special].—It is stated that the police are not yet certain that the woman calling herself Mrs. Wilbur, of Los Angeles, is really Mrs. Nancy Guilford, the Bridgeport midwife suspected of complicity in the murder of Emma Gill. Her whereabouts are now unknown.

Suspect Armed With Pistols, Daggers and a Bottle of Cold Poison.

Buda Pesth, Sept. 29.—[Special].—A stranger suspecting of plotting to kill the King of Roumania was arrested here this morning. He had on his person two revolvers, two daggers and a bottle of poison.

REPUBLICAN LEADERS MEET

Confer at Milwaukee Regarding Plans of the Campaign.

Milwaukee, Wis., Sept. 29.—Prominent republicans from different parts of the state including former Senator Philletus Sawyer, United States Senator Spooner, Horace A. Taylor, Judge Charles M. Webb, Isaac Stephenson, S. A. Cook, Governor Scofield, and others called at headquarters. In the afternoon a conference was held, at which plans and arrangements for carrying on a vigorous campaign were discussed. Encouraging reports came from all parts of the state, and the senatorial contest, which is already in progress, furnishes proof that the republican leaders feel confident that the legislature will be strongly republican.

LOOKING FOR HER INSANE HUSBAND

MRS. ARMSTRONG NOW IN THE CITY SEARCHING.

Says Her Husband Left His Home In Crystal Lake in Sick Condition—Not Known Whether He Is Dead Or Alive—Local Modern Woodmen Interested.

Mrs. C. O. Armstrong, of Freeport, Ill., is now in Janesville in hopes of locating her husband, who mysteriously disappeared from his home in Crystal Lake, Ill., on the morning of May 19. Mrs. Armstrong, who is the guest of Mrs. C. B. Imman at 104 Locust street, says that she has not heard a word from her husband since he left her that morning to go to work and she does not know whether he is dead or alive. He is a Modern Woodman and carried a \$2,000 policy.

When he left home he complained of being ill, and said that his head troubled him. Friends say that he went towards Crystal Lake, and many believe his body now lies at its bottom. A detective has been working on the case for several weeks, but has failed to secure one good clue.

After several months of persistent searching Mrs. Armstrong has appealed to the Modern Woodmen of America to help find her husband. It is believed that he was seen July 24, near Fremont, Neb., but since then there has not been the slightest clew as to his whereabouts. Armstrong is demented and it is feared that he has met a violent death. He lived in Freeport at the time of his disappearance and was esteemed highly in the community.

The following circular has been sent out to M. W. A. camps in the states of Illinois, Iowa, Wisconsin, Nebraska, Kansas and Missouri:

"C. D. Armstrong is forty-two years of age; about five feet eight inches in height, and when he left home weighed about 150 pounds. He has dark brown hair, full sandy beard and mustache, blue eyes and wears glasses. He was dressed in his work clothes—dark brown coat and vest, gray pants, soft black hat and carried a necktie. He is out of his mind and wandering aimlessly."

Mrs. Armstrong is now making a canvass of the city selling a book entitled "Our War With Spain."

Hanna, Corbin, Elkins, and Kerns. None of those present at the meeting will speak of the matters discussed.

YELLOW FEVER FIGURES

Ravages of the Epidemic in Louisiana and Mississippi Thus Far.

La Grange, Ind., Sept. 29.—An important organization is being formed among the banking institutions of Ohio, Indiana and Michigan, and will be known as the Tri-State Bankers' Mutual Protective Association. The main purpose is the protection of the smaller banks in the towns without police protection. A rogues' gallery will be maintained and the best detective talent will be employed. Trained bloodhounds will be stationed at convenient points.

Fever Situation Is Grave.

Jackson, Miss., Sept. 29.—The local health officials admit that the yellow-fever situation is grave. No new cases are announced, but the physicians have several suspicious cases under surveillance. The area of infection is very large, embracing about sixteen squares, and no less than 2,000 negroes are confined within the cordon. About 150 whites reside in the district. Many of the negroes are without food and the relief work will be commenced at once.

Col. Hay in Washington.

Washington, Sept. 29.—Col. John Hay, the new secretary of state, reached Washington last night from his country place at New Hampshire. He will take the oath of office on Friday and assume the duties of his office on Saturday, when the members of the diplomatic corps will probably be received.

AGUINALDO AND THE FLAG FOR WHICH HE MAY FIGHT UNCLE SAM.
General Emilio Aguinaldo is once more a conspicuous figure. The American troops are in possession of Manila. The United States does not seem disposed to oust Spain from the Philippines as a whole, and Aguinaldo, who is fighting for freedom, naturally wonders where he comes in.

SPOKE IN HIS PARTY'S CAUSE

Populist Candidate for Governor Held Forth Last Evening.

From a buggy at the corn exchange last evening "Fog Horn" Worsley opened the local campaign by delivering a speech to a crowd of people who merely stopped and listened because they hadn't anything else to do.

In the interest of the people's party he shouted right and left, not realizing that he was wasting wind on a helpless cause.

Mr. Worsley attacked everything that employs laboring men, and looked as though he was really ashamed of himself when he had finished talking. This morning he left town for parts unknown.

The late war has had a decided effect in the popularity of the Spanish language. Formerly elementary Spanish courses were given in alternate years; advanced work running continuously. This year so many have made requests that work be given in Spanish that beginning classes may be organized.

Up to date there has been a marked increase in the engineering courses over the classical courses. There is also a notable increase in the number of women in the freshmen class, about one fourth of the class being women.

COPENHAGEN GRIEVES

Mourning in Denmark's Capital Over the Death of the Beloved Queen.

Copenhagen, Sept. 29.—[Special].—The flags are at half mast throughout the city, and mourning draperies are generally displayed. The schools have been closed, and all amusements suspended. The grief over the death of the queen is general.

The queen died of no special disease, but merely of decrepitude and general debility incident to old age.

Winnipeg will probably vote in favor of liquor. In the smaller cities and towns and in the rural districts, public sentiment is strongly against the traffic, and it is believed that prohibition will carry.

The dominion government has been neutral on the question thus far, but the sympathies of a majority of the ministers are known to be with the prohibition cause. It is the general opinion here that the proposition will be carried, and that hereafter Canada will be a prohibition country. The experiment is regarded as a most important one, as, if carried, it will be the first time in the world that prohibition upon a large scale has been tested.

Montreal, Sept. 29.—[Special].—The vote on prohibition is being taken today. The indications are that the temperance people will win.

DRUGGISTS HAVE COMMENCED ACTION

SECRETARY HEIMSTREET TO ISSUE CIRCULARS.

Stamp Tax Will Be Taken Up at the Meeting To Be Held In St. Louis—Secretary Heimstreet Talks of the Present Trouble—One Thousand Wisconsin Druggists Are Interested.

The Wisconsin Pharmaceutical association, at its recent annual meeting, adopted resolutions protesting against the action of the manufacturers of patent medicines in raising the price of their medicines to throw the burden of the war tax upon the retailers. Secretary Heimstreet of Janesville says that he will send out circulars to all the 1000 of the state urging them to attend the national convention of druggists called to meet in St. Louis, October 17, for the purpose of organizing a National Protective association. The National Protective association. The National Wholesale Druggists' association and the National Proprietary association will hold their annual conventions in St. Louis on the same date the retailers propose to meet there.

Big Advance in Prices.
In speaking of the proposed meeting Mr. Heimstreet says:
"The druggists of Wisconsin are indignant at the action of the patent medicine men regarding the tax. They had already advanced prices on their goods until there was but little profit in handling them, and now they not only advance prices to cover the cost of the revenue stamps, but have added to that from 25 to 75 cents a dozen for the trouble of handling the stamps, thus throwing the entire burden of the tax on the retail druggist. Action has been taken in every state in the union, and the convention at St. Louis will be a surprise to many, as every state, yes, every town in the United States, will be represented."

United Action Desired.
"The resolutions were unanimously adopted," continued Mr. Heimstreet, "and I was directed to send a circular to every druggist in the state for his signature. This is being done. I shall go to St. Louis next month with the endorsement of over 1,000 druggists of Wisconsin. There will be quite an attendance from Wisconsin, as every wholesale drug house and proprietary medicine proprietor will be represented. The plan now is to meet in Milwaukee and go to Chicago by the Wisconsin Central railroad, where we will meet the delegates from the east and all go on to St. Louis by the Illinois Central railroad."

COMPANIES HAVE UNITED

Two Telephone Companies In La Crosse Pool Their Issues

Janesville telephone users are much interested in the deal uniting the two LaCrosse telephone exchanges. The opposition company in LaCrosse belonged to the system that is soon to have a plant in operation in this city. A. C. McLeod, general manager of the Wisconsin Telephone company, states that it is a very unusual proceeding for the Bell Telephone company to purchase the lines of an opposition company. He did not think, however, that this deal presages a radical change of business policy in the management of the Bell Telephone company, but that this LaCrosse opportunity was an unusual one and that the general rule of the Bell company was overlooked.

"There were two telephone companies in La Crosse," said Mr. McLeod, "the Bell company and the opposition company. About 2,500 lines of toll lines were connected with the opposition company, and it so happened that they were constructed and equipped up to the standard required by the Bell company. Such being the case, the Bell

THE COMMISSIONERS OF CAPITULATION.

The army and navy are both represented on the two commissions of capitulation sent to Cuba and Porto Rico by the president. The personnel of the commissions is as follows:

For Cuba—Major General James F. Wade, Rear Admiral William T. Sampson, Major General Matthew C. Butler. For Porto Rico—Major General John R. Brooke, Rear Admiral Winfield S. Schley, Brigadier General W. W. Gordon.

General William W. Gordon, Porto Rican commissioner, is the only one of the six not widely known. He is a resident of Savannah, and prior to his elevation was the senior colonel of the militia of his state. He is 63 years old and belongs to one of the wealthiest families of the state. The commissioners will decide as to whether the arms of the Spanish shall be taken from the islands. Should the president follow his original intentions he will permit the Spanish to retain their arms and personal property. The commission will also agree as to the disposition of the enormous military stores in the island. The president in his original demands upon Spain insisted that the stores, munitions of war, fortifications, guns and all other supplies should become the property of the United States. He agreed to permit the Spanish to retain their cannon of historic reminiscence value.

pointment by Mr. Blabon is said to have been at the suggestion of Mr. Cummins. The position is one that the average man who is well up in office work, is not capable of filling with credit to himself and the company. It takes one who is familiar with the working of the entire road and a man to fulfill all their requirements must be a well posted electrician so as to be on the spot when needed.

Mr. Green entered the employ of the local road two years ago. Since residing here he has acted in several different capacities, and for some time was motorman. Several local business men would have liked the position, but were unable to fill it on account of their lack of knowledge of electricity. About Pianos of different makes the really fine qualities of tone, action and finish are to be found in the ...

Reed & Son Piano.

The manufacturers have been making Pianos many years and their reputation has been more thoroughly established with each sale. The owner of a Reed Piano always speaks of it in the highest terms. If you are thinking of investing money in a Piano don't make the mistake of many people—a showy case and a flimsy inside does not constitute a good Piano. You have the satisfaction of knowing you could get nothing better when you buy a Reed & Son instrument.

Salt Rheum

Has

Disappeared

How It Was Cured.

"Salt rheum appeared on one of my wrists, extending nearly to the elbow. It troubled me for a year. Then it disappeared from this arm and came out on my other wrist and arm, also on my face and head and different parts of my body. The itching was beyond description. No medicine that I tried would do me any good. One day I got a bottle of Hood's Sarsaparilla and began taking it. I found it helped me. I procured another and when I had taken it the itching was relieved, and the third bottle cured the eczema on my face and head. Hood's Sarsaparilla keeps my system toned up and gives me a good appetite." C. E. HAINES, Aitkin, Minnesota.

INCREASE THE MAJORITY.

In 1896 the people of Rock county rejected the populist Chicago platform of the so-called democracy by a plurality of 4,627. The republicans, with the issue of good government and honest money, carried every district in the county, by pluralities of from seventeen in the town of Harmony, to 1,258 in Beloit city. The city of Janesville gave President McKinley a plurality of 702. Gov. Scofield's plurality in Rock county was 4,567, and in the city of Janesville 678.

Thus decisively did the people of Rock county repudiate theory and promise, for known principles and known results, the issue, then, was clean out, and the people were quick to choose between the genuine and the bogus.

The issue is now still more clear. The so-called democracy of Wisconsin in state convention assembled reaffirmed the populist and socialistic Chicago platform, and added to it until the populists say the "democratic" platform is the same as the populist platform. Judge Sawyer had to present absolute proof of the fact that he was a free silverite and a supporter of Bryan in order to get the nomination for governor. The Bryan men owned the convention, and did as they pleased, compelling all nominees to stand on Bryan's platform.

The campaign of 1898, therefore, must be waged on the issues of 1896, as they are the basic principles of the "democratic" platform. Rock county gave the largest majority in her history against these principles in 1896, and as the principles now enunciated by the "democracy" are more socialistic and populist than they were two years ago, Rock county will repudiate them by a larger vote this fall.

There can be no question as to the result. When the issue is good government and honest money against Debsian theories and dishonest money, the duty of all believers in civic advancement need not be indicated.

Stand by the guns and rebuke the party of revolution and forty cent dollars. The best way to do this is to mark a cross at the head of the republican ticket, for then you score a center shot. Don't waste your ammunition. Put only good men on guard. Every candidate on the republican ticket stands for good government and honest money. Every candidate on the democratic ticket stands for the anarchistic Chicago platform and free silver. Which do you favor? The answer came in thunder tones in 1896 and it will be repeated in 1898:

Populist ticket, 5,055
Republican ticket, 8,282

Plurality for good government, 4,627

While he admits that he has always been a populist rather than a

democrat. Candidate J. F. Schindler now goes back on the populists and announces himself a democrat. The principles of the two parties are the same, he says, and as he will get the most votes as a democrat a democrat he will be. As Wisconsin is not a populist state, however, it makes no difference which way Mr. Schindler jumps.

The secret of embalming as done by the Egyptians has been discovered by a man down in West Virginia. Wisconsin's so-called democracy should secure his services. Perhaps his art would result in preserving the principles of the Chicago platform for another campaign.

"Was the Chinese emperor killed?" asked the great editor. "No, replied his assistant. 'Then' replied the great editor, 'apply the official battle axe to that assassination story, and kill it before the weekly goes to press.' Whereat the story died that the emperor might live.

The record made by the United States during the late war challenged the admiration of the European nations. No power ever accomplished so much in so short a time. Well do the American people glory in that record.

The democratic state central committee will issue mileage books to the campaign speakers in lieu of passes. Consequently, the question arises: Where do they get the mileage books?

The issue of good government and honest money versus populist theories and free silver is as clean cut now as it was in 1896. All good citizens know their duty, and will do it.

Remember the Chicago platform and its anarchistic planks. And remember, also, that Wisconsin "democracy" stands on that same platform today.

Candidate Schindler says the principles of the populist and democratic parties are the same. What has become of the "democracy of our forefathers?"

Populists ran the democratic county convention at Oshkosh, and the real democrats are disgusted with the whole proceeding.

"Governor Roosevelt" sounds all right doesn't it?

BRITAIN'S PROTEST TO CHINA.

Caused by Absorption of a Belgian Concession by France and Russia.

Washington, Sept. 29.—In the course of a report to the state department upon Belgian enterprise in China United States Consul Morris, at Ghent, attributes to the concession secured by Belgium for a railroad from Peking to Han Kau, the recent complications leading to Great Britain's protest.

It appears in Mr. Morris' report that Belgium was selected by China to take this concession because it was a neutral nation, other countries with interests there having entered into a contest for the privilege, the new line being of no little strategic importance.

The Belgian syndicate, however, immediately turned to the French capitalists for funds, while the Russo-Chinese bank was to act as financial agent. Subsequent developments would tend to show that the greater portion of the funds have been or will be subscribed by Russian capitalists and the balance in great part by the French. Here is the occasion of Great Britain's protest, says the consul.

FOREST FIRES IN ROCKIES.

Towns Endangered by Flames—Damage Will Reach Millions.

Glenwood Springs, Colo., Sept. 29.—This place is now the center of huge forest fires. Since Monday morning new fires have developed in every timbered section below timber line. The town is in no danger, but serious loss will result in several of the valleys.

Denver, Sept. 29.—Dispatches received here indicate that great fires are devastating the timber growth on the main range. From Hahn's Peak on the north to Pagosa Springs on the south, a distance of hundreds of miles, the fires are raging unchecked. The flames are known to be doing tremendous damage in Routt county, in Egevia Park, along the Roaring Fork River and in the San Juan region. The damage will run into the millions. Human life may have already been sacrificed, and if the fires are not soon quenched by a heavy rain many persons are certain to perish. Several mining camps and numerous ranches are in danger of destruction.

Will Meet in Canada.

St. Louis, Mo., Sept. 29.—The triennial conference of the German Baptists of the United States and Canada has been concluded after a session extending over a week. It has been decided to meet in 1901 at Berlin, Ontario, Canada. The Young People's society of the denomination elected general officers for this society as follows: President, Dr. D. B. Stumpf of Buffalo, N. Y.; vice-presidents, Henry Donner of Pittsburg, and Rev. T. Wagner of New York city; corresponding secretary, Rev. Henry Gleiss of Pittsburg.

Erne and Lavigne Draw.
New York, Sept. 29.—Kid Lavigne and Frank Erne fought a draw at the Greater New York Athletic club. Such was the referee's decision, but he announced that the men had an agreement to the effect that if both were on their feet at the end of the twentieth round the bout should be a draw. Erne had Lavigne's face in a bad fix, but had received little punishment himself. The crowd was dissatisfied with the result, as they wanted a decision. It was one of the best fights seen in New York this year, with Erne getting the best of it all through.

McKinley's Route Not Settled.
Washington, Sept. 29.—National Committeeman Kerens of Missouri had a second interview with President McKinley Wednesday in order to prevail upon the president to visit St. Louis on his western trip. The president stated, however, that he had not definitely settled his plans further than already had been outlined, going direct from here Oct. 10 to Omaha. Mr. Kerens stated after the call that he thought the president would be in St. Louis on the evening of Oct. 14.

Bills and Overtures—Rev. H. H. Bell, D. D., Rev. J. W. Ashwood, Elder James McGowan, Sr.
Judiciary—Rev. R. E. Wilkin, Rev. R. W. Nairn, Elder C. A. Hiles, Sr.
Board of the Church—Rev. W. T. Meloy, D. D., Rev. H. P. Jackson, Rev. J. F. Black, Elder J. A. Porter.
Memorial College—Rev. N. Childs, Rev. R. J. Kyle, Elder Andrew Mair.

Special Committee on Evangelistic Work—Rev. A. G. Hastings, Rev. W. T. Campbell, D. D., Rev. G. E. Young, Elder J. R. Lytle, M. D.

The synod is composed of the Presbyteries of Chicago, Central Illinois, Southern Illinois, Mammoth, Rock Island, and Wisconsin, extending over the states of Wisconsin and Illinois. The attendance this year is very good. The synod will meet next year at Piper City, Ill. This synod, in connection with other synods, has control of a theological seminary at Xenia, Ohio.

Rev. J. A. Cosby, president of the board of directors, gave a very interesting and encouraging report.

The afternoon session was perhaps one of the most interesting of the synod. The different church officers were discussed from the janitor to the pastor's wife. Two ladies appeared before the synod and read papers, which was an innovation. Both papers were requested for publication in the church papers.

At the evening session Rev. S. R. Lyons, D. D., president of Mammoth college, gave an address on "The College."

Rev. H. H. Bell, D. D., who has been employed for five years as synodical evangelist at a salary of \$1,500 a year and traveling expenses, gave an address on "The Model Evangelist."

Rev. W. T. Meloy, D. D., gave an address on the boards of the church, which was interesting and well received. The congregation of Rock Prairie has for its motto "Given to Hospitality" and is living up to the very letter of the motto.

Dinners and suppers are served in tents, which are located on the parsonage lawn beside the church.

BEYOND THE CARES OF EARTH

Funeral of Clarence E. Terry

The funeral of Clarence Eugene Terry was held from the family residence in the town of Janesville Tuesday afternoon at 1 o'clock. Rev. Mr. Dennis, of Emerald Grove, officiated and there was singing by Mrs. Durland and Miss Nettie Butler, of the Congregational choir. The remains were laid to rest in the Emerald Grove cemetery, the pall bearers being Philatus Yeomans, Charles Yeomans, Clarence Wright, Carl Childs, Joel Proctor and Eber Van Allen.

Investigations by the attending physicians show that the death of Clarence Terry resulted from strangulation caused by heart disease. He had complained for twelve years of heart trouble, and was subject to seizures which made him helpless and in great agony. When on his way from the Finch home Sunday he stopped to talk with neighbors and seemed in good health and perfectly responsible. Less than twenty minutes after that his lifeless body was discovered by three girls on their way along the road. Mr. J. L. Terry reached his side a few minutes later, and did his best to restore consciousness, but in vain. Deceased was forty-seven years of age and was the son of Mr. and Mrs. Uriah Terry. He was unmarried and leaves three brothers.

Mrs. Richard Barry.

The death of Mrs. Richard Barry, of 152 Gold street, occurred about 1:20 o'clock this afternoon, after an illness of six months. The cause of her death was abscess of the spine. She was an old resident of this city, having come here directly from her birthplace, county Cork, Ireland, about forty years ago. She was sixty years of age. Beside her husband she leaves three sons, James, Richard and Dennis, and four daughters, Mrs. George Richardson, of this city; Mrs. James Reed, also of this city; Mrs. George A. Brantley, of Chicago; and Miss Julia Barry, of this city, to mourn her death. She was a lady loved and respected by all with whom she came in contact, and will be greatly missed from her home circle. The remains will be interred in Mt. Olivet cemetery. Notice of the funeral will be given later.

We received fresh caught lake bull

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

WHOLESALE BAKERS FORM NEW COMBINE

HAVE ADVANCED THE PRICE OF BREAD.

Staff of Life Now Selling At Five Cents Straight—Northern Illinois and Southern Wisconsin Dealers Included—Flour Going Down Has Nothing To Do With It.

Commencing with this morning bread throughout the city is retailed at five cents a loaf. This is an advance of a cent a loaf since yesterday, and it is all owing to the combine recently formed by the wholesale bakers of northern Illinois and southern Wisconsin. All other articles of food made by the bakers, such as doughnuts, cookies and cakes, have advanced in proportion.

Why the Raise Was Made

This additional price is not charged because flour is higher, for it is now lower than it has been in weeks, but because the bakers claim they want a uniform price so that they can count on a little profit for themselves. For the past few weeks bread has been retailed at four cents a loaf by a greater portion of the local dealers. This is especially true in reference to the grocery-men, who have placed it low as a strong drawing card.

Selling at these prices there was but little profit in it for either the bakers or retailers. To remedy this trouble and get things on a paying basis the wholesale bakers have recently got together and formed a strong combine.

The cities are Madison, Beloit and Janesville in Wisconsin and Rockford, Elgin and Aurora in Illinois. Other towns near here may be on the list but the baker who gave The Gazette the information could not remember them.

Parties from Rockford have been here this week on business connected with the forming of the combine.

Too Much Competition.

"The whole situation is this and nothing more," said an interested party this morning. "The bakers have experienced much trouble of late here in Janesville in selling to the retailers who have peddled bread at cut prices. The retailers tried hard to have the wholesalers in this section of the state cut prices below living rates, and in many instances they were successful. Now we propose to fix a uniform price that will prevail from now on."

The Grocers' Side.

Here is the way a local grocer tells it: "I was notified this morning by the local bakers that from now on I should sell bread at not less than five cents. If this privilege was disregarded they said they would be compelled to take the business away from me. A local baker, now out of the business, says that he was notified that if he started to cut prices the combine would soon run him out of the business."

LADY CYCLIST

STRUCK BY TRAIN

MRS. G. E. NASSETT SUSTAINS PAINFUL INJURIES

Saw Her Danger Just in Time to Escape Instant Death—Two Fractures of the Arm and Other Bruises Were Suffered—A Very Dangerous Crossing.

Mrs. G. E. Nasset, who conducts a dressmaking establishment over Mrs. M. E. Woodstock's millinery store, 61 West Milwaukee street, was struck by an outgoing passenger train on the Chicago and Northwestern railroad last evening at 5:15 o'clock and her escape from death was marvelous. Mrs. Nasset was on her bicycle and attempted to cross the North street crossing as the train came along. The fireman saw her and gave the alarm. In another instant the cylinder on the engine front struck her on the right arm, throwing her to the side of the road. Mrs. E. F. Woods and W. A. Boresteel, who were called, found a fracture on the right arm about an inch above the elbow joint, also a fracture of the small bone of the forearm about two inches below the elbow. There was also a deep cut extending to the joint and two inches long on the elbow.

Mrs. Nasset did not cross the track, for the train never gave her the chance. The accident happened about a quarter of a mile from where the late Judge M. M. Phelps was injured.

Mrs. Nasset saw the engine in time to turn her wheel a few feet to one side before she was struck. Her recovery is only a matter of time.

Eludes the London Police.

London, Sept. 29.—The detectives have lost sight of the woman they shadowed after her arrival at Liverpool yesterday morning on the steamer Vancouver from Montreal, and they are now ransacking London hotels and boarding houses, but up to the present have found no further trace of her. The woman referred to is supposed to be Dr. Nancy Guilford of Bridgeport, Conn., who is wanted by the Connecticut police for the murder of Emma Gill of Southington, Conn.

Treasure Ships in a Storm.

San Francisco, Cal., Sept. 29.—It is thought by shipping men here that the vessels now on the way from St. Michael to southern ports will suffer from the storm reported by the British man-of-war Amphion. The Bertha is scheduled to arrive soon with much treasure on board, but there is no way of telling the day she sailed for this city. She went from St. Michael to Norton's Sound, near Kotzebue.

WILL SEND MEN TO PANAMA.

Illinois Federation of Labor to Investigate the Strike.

Decatur, Ill., Sept. 29.—A committee of the Illinois State Federation of Labor will make an investigation of the condition of miners at Panama, Ill., look into the report that Alabama negroes are to supplant the white miners, talk to the citizens of Panama, and then come back and report to the federation.

It is possible that on this report the federation will undertake to conduct the most extensive boycott that has occupied attention in years. If the program as at present contemplated is carried out the organized working men of the state of Illinois will endeavor to prevent the sale in the leading cities of the state of coal mined by negroes or other labor that was brought into the state to defeat the strike of the union men.

The annual election of officers was made a special order of business for 3 o'clock this afternoon. It is said tonight that neither President Hinman nor Secretary Doyle will be a candidate for re-election and that Isaac Miller of Chicago has withdrawn from the race. JANESVILLE PLOWS BEAT THE WORLD

PATTERNS OF LOCAL MANUFACTURE WIN PRIZES.

Contests Were Held at Wheatland and Big Rock, Ill., Recently, and Attracted Much Attention Among Farmers—Eleven Contestants Strove For the Honors.

Janesville has been winning high honors in farm implement circles this summer. Two plowing matches of national interest were held at Wheatland and Big Rock, Illinois, each year. All the prominent plow firms of the country are represented and tests are made with scrupulous exactness by capable judges. Five thousand people attended the Wheatland plowing match, Saturday, September 17, 1898.

Against a field of eleven contestants in the riding plow class the Reliance Sulky took first prize. It also took first prize for best work done by boy under fifteen years of age. Two out of three first prizes offered went to the Reliance.

At Big Rock, Ill., Saturday, September 24, 1898, the Reliance sulky plow took first prize for sulky plows and sweepstakes over all the best plowing done in any class.

The Gang plow contest, an event of especial interest, also went to the Reliance, making two firsts and sweepstakes for Reliance plows. The Big Rock match brought out a field of twenty-two. All the best makes of plows in the country were tested.

These plowing matches have almost revolutionized agriculture in the counties where they were held, and the two counties are now known as the most prosperous in the state.

J. B. Moon Was the First to Grow Tobacco and Owned the First Horse.

J. B. Moon, a former early settler of this city, who now makes Chicago his home, is in town visiting relatives at No. 8 Milton avenue. He was one of the first men to grow tobacco in this section of the state, and the experiments made by him in the early days have led to a great industry by which the farmers of Wisconsin now annually reap thousands of dollars profit.

Mr. Moon was also the pioneer liveryman of the town, and claims to have driven the first hearse that ever entered Oak Hill cemetery. He is now eighty-four years of age and is enjoying good health.

SPAIN BEGINNING TO MOVE.

Is Making Preparations to Evacuate Cuba.

VOLUNTEERS ARE DISCHARGED.

Gen. Blanco Gives Orders to Dismiss Them All with Three Months' Pay—All Spanish Naval Vessels Instructed to Leave the West Indies.

Madrid, Sept. 29.—The government has cabled to Gen. Blanco instructing him to disband on Friday all the local volunteers and auxiliaries, paying them three months' arrears of wages out of ten months' arrears due them.

This step has been taken in consequence of Gen. Blanco's constant demands for money with which to meet the colonial expenses, which must obviously finally fall on the home treasury. The government therefore decided promptly to stop the expense entailed by the volunteers.

Capt. Aumon, minister of marine, has also cabled to Admiral Manterola, the Spanish naval commander at Havana, ordering him to send home immediately all the warships remaining in the West Indies.

The government has chartered seventeen vessels of the Spanish Trans-Atlantic line to bring back to Spain 29,000 sick and wounded troops from Cuba. The healthy troops will be brought to Spain as quickly as possible after the sick and wounded are cared for.

The ministers are much perplexed by the requests from civilians in the Antilles to be repatriated. Then cannot assist these civilians, owing to the lack of money.

Gen. Blanco reports that he has begun the concentration of troops preparatory to embarkation. He has asked for instructions concerning the exercise of the right of sovereignty in Cuba, which, he says, is daily becoming more difficult.

The American commission is assured of a more energetic attitude on the part of the Spaniards. Embarkation will begin early in October, probably by way of Havana and Cienfuegos. The Spanish objections to evacuating Havana will not be heeded.

Gen. Blanco is concerned over the situation, and is willing to leave for Spain on Oct. 10 in spite of requests from Madrid to stay.

The Americans insist that evacuation be completed before the end of November, and important departments, such as custom houses, must be surrendered during October.

Big Strike by Shoe Lasters.

Brockton, Mass., Sept. 29.—In pursuance of the ultimatum issued by the Lasters' Protective union at Brockton that if the lasting machine companies by Wednesday did not withdraw agents which they had put into factories here to take the place of strikers all the lasters in this section would be ordered out the strike was extended in all directions. Men abandoned lasting machines in shops all over southeastern Massachusetts. Even concerns that had settled on the price list trouble were not exempt and the operatives came out with the rest. This is the most general and united strike of shoe lasters that has been known in many years.

Prohibition Test in Canada.

Toronto, Ont., Sept. 29.—In accordance with a pledge given by the liberal party to the temperance people before the last general election, a vote is being taken throughout Canada on the question of the prohibition of the manufacture and sale of intoxicating liquors. The result of the vote is uncertain, but temperance people say it will carry in all the seven provinces of the dominion except British Columbia, where there is a large foreign element, attracted by mining, and the French-Canadian province of Quebec.

To Quell Minnesota Indians.

St. Paul, Minn., Sept. 29.—The Indians around Leech lake, Cass county, have been making such serious trouble the past two weeks that Marshal O'Connor telegraphed the war department the situation. A telegram has been received ordering a detachment of the Third regiment of United States regulars to proceed at once to the village of Cass Lake. About 800 Indians are located at Leech lake, and they are not expected to surrender without a fight.

Minnesota Town Is Burned.

Claremont, Minn., Sept. 29.—This village was ruined by fire Tuesday night, twenty-two buildings being destroyed. The total loss is over \$40,000, with \$11,000 insurance. DANGEROUS SURGERY

Death Follows the Surgeon's Knife—Not the Surgeon's Fault, Of Course, He Can't Help It—You Can.

Pyramid Pile Cure Cures Piles Quickly, Painlessly, and Without Danger.

People go along for years suffering with piles. They try this, and that and the other thing: from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhea and the piles come back.

They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling of weight in the perineum.

Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing there is only one speedy cure and sure remedy. It is Pyramid Pile Cure. Even in light cases it is the safest thing to use. Other applications may cure and may not. Pyramid Cure is always certain, and always reliable and always brings comfort at once. Its prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts.

It is better than the knife. Will cure easier, quicker and safer. Thousands have been cured by it.

The cost is trifling compared with what it does. The price is 50 cents. Most anybody would gladly pay ten dollars to be rid of piles.

Druggists sell Pyramid Pile Cure. If yours hasn't it will get it from the Pyramid Pile Drug Co., of Marshall, Mich. (sole manufacturers.)

STATE OF WISCONSIN—IN CIRCUIT COURT FOR ROCK COUNTY—E. R. O'Donnell plaintiff, vs. Chester Bailey, defendant.

By virtue of an execution issued out of the Circuit Court, for Rock County, Wisconsin, on the 12th day of September, A. D. 1898, in the above entitled cause, and to me directed and delivered, which execution is for three hundred eighty-seven and 10/100 dollars (\$387.33) damages and costs and the further costs of execution, and interest on damages and costs since September 12, A. D. 1898, I have levied upon and sold at public vendue or sale, to the highest bidder, on the 25th day of October, A. D. 1898 at ten (10) o'clock in the forenoon of that day at the front door of the court house, in the city of Janesville, County of Rock, and State of Wisconsin, all the right, title and interest which said Chester Bailey, defendant, had on the 12th day of September, A. D. 1898, the day on which the judgment in the above entitled action was rendered in the office of the Clerk of the Circuit Court for Rock County, Wisconsin, or that he since acquired in and to the following described land, to-wit:
